Welcome!

Because of our strong beliefs that many people enjoy eating in restaurants that offer memorable dishes, we have spent many years developing and collecting recipes from many parts of the country and even some from overseas.

Being part of a family that is rich in restaurant traditions (we are no longer affiliated with The Fish Market Restaurant) has afforded us the opportunity to establish this restaurant offering a variety of unique dishes which we are sure you will enjoy.

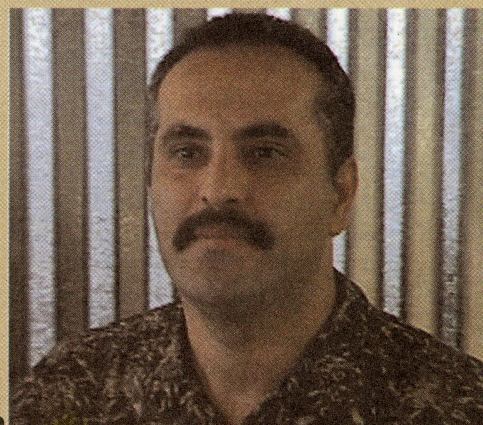

We believe in quality, and we believe in serving generous portions and giving our guests a good honest value. Please excuse us if we are occasionally out of some items. But when we can't find the best, we just don't serve it.

In order to serve you better, please inform us of any problems you may have with your dining experience. Relax and enjoy!
